PROFESSIONAL SUMMARY

A Computer Science student with a strong foundation in full-stack web development, proficient in Node.js, React.js, Python (Django), and relational databases including MySQL and PostgreSQL. Experienced in building responsive, user-focused applications and providing IT support through troubleshooting, software/hardware maintenance, and installations. Demonstrates quick adaptability, solid teamwork, and a problem-solving mindset, with a passion for creating efficient solutions to real-world problems. Currently seeking an internship opportunity to apply and expand my technical expertise, contribute to impactful projects, and grow within an innovative tech environment.

PROFESSIONAL EXPERIENCE

Makueni County Referral Hospital

IT Support (Industrial Attachment) — May 2023 - August 2023

- Provided comprehensive IT support by troubleshooting and maintaining desktops, laptops, and printers, performing preventive checks, and ensuring minimal downtime across hardware systems.
- Installed and configured essential software, including security tools, while assisting in network setup and cable termination to ensure secure and stable connectivity.
- Managed IT equipment inventory with proper documentation, collaborated with technical teams to resolve issues efficiently, and developed strong problem-solving and communication skills in a professional setting.

EDUCATION

Kirinyaga University | 2021–2025

Bachelor of Science in Computer Science

- Expected graduation September 2025

Kasikeu Boys High School | 2017–2021

Kenya Certificate of Secondary Education (KCSE)

- Grade B plain -65points

SKILLS

Backend Development

- Proficient in building scalable and secure backend systems using Node.js and Python-Django. Well-versed in database management using MySQL and PostgreSQL, ensuring efficient data handling and storage

Frontend Development

- Skilled in React.js, Typescript, HTML, CSS, and JavaScript to build user-friendly, responsive, and visually appealing interfaces. Experienced in integrating APIs and ensuring seamless user experience across devices.

IT Support & Maintenance

- Experienced in troubleshooting hardware and software issues, performing installations, and maintaining IT equipment. Knowledgeable in data quality standards, inventory management, and preventive maintenance.

Communication Skills

- Strong verbal and written communication skills, enabling clear articulation of technical concepts to both technical and non-technical stakeholders. Experienced in teamwork, collaboration, and problem-solving in professional settings.
